ICICLE

ICICLE METRIC CENTURY (AND MORE)
Saturday, March 25

Registration open from 7 am - 9 am
No Mass start—SAG support begins at 8 am
Rest stops and SAG support until 4 pm
Start/Finish at Cherry Hill Middle School
2535 Singerly Road, Elkton, MD 21921

Major Ride Director: Brian Donovan
icicle@whiteclaybicycleclub.org

This may be your first chance to stretch your legs on a long ride after the cold winter months. Riders can choose routes of varying distances covering moderately hilly terrain in the areas west and north of Newark. Snacks will be available at the start and at well-stocked, indoor food stops which will help make this the ride one to remember.

All routes are loops which begin and end at the starting location, so you can do a single 23 kilometer (13 mile) loop or combine loops to get up to 167 kilometers (100 miles). You can decide how far you want to go after you have completed each loop. Easy to follow cue sheets and different color route markings will keep you on track no matter which route or routes you decide to follow.

This is a great way to start the season!

DOUBLECROSS

DELAWARE DOUBLECROSS METRIC CENTURY
Saturday, July 1

Registration open from 7 am - 9 am
No Mass start—SAG support begins at 8 am
Rest stops and SAG support until 3 pm
Start/Finish at Smyrna High School
500 Duck Creek Parkway, Smyrna, DE 19977

Major Ride Director: Dianne Leipold
doublecross@whiteclaybicycleclub.org

Two routes are provided, each 31 miles in length for a total of 62 miles.

This metric century ride is laid out in a figure eight pattern, beginning and ending at Smyrna High School, in Smyrna. First head east and enjoy a 31 mile loop taking you to Woodland Beach on the Delaware Bay, passing thru Bombay Hook National Wildlife Refuge and the fishing town of Leipsic, DE before you return to Smyrna to complete your 31 mile ride or enjoy a brief rest before departing for the second half of your metric century, heading west to Millington, MD. This 31 mile loop will take you through the Millington Wildlife Demonstration Area and the Blackiston Wildlife Area along the way back to the start in Smyrna. When you return to Smyrna you will have DOUBLEDROSSED Delaware!

How many states are there that you can say that you can cross twice in a days' ride?

SHOREFIRE

SHOREFIRE IMPERIAL CENTURY
Saturday, August 26

Registration open from 7 am - 9 am
No Mass start—SAG support begins at 8 am
Rest stops and SAG support until 5 pm
Start/Finish at Middletown High School
120 Silver Lake Road, Middletown, DE 19709

Major Ride Director: TBD
shorefire@whiteclaybicycleclub.org

With routes ranging from 35-100 miles this event begins in Middletown and, depending on the route(s) you select, take you south through Townsend, Smyrna, Clayton, Cheswold and Hartly eventually returning to the start. Two well-stocked rest stops along the routes provide you with food and drink on this late summer ride. The routes follow lesser-traveled back roads through flat-to-rolling terrain, but the August heat may make this ride a challenge. Bring your water bottles and refill them as often as needed to stay hydrated.

Routes interlace, so you have options to increase or decrease your mileage during your ride depending on your goals for the day.

Typically this is a very well-attended ride so do this ride with your cycling friends — *those you know and those you have yet to meet.*

SAVAGE

SAVAGE IMPERIAL CENTURY
Saturday, September 30

Registration open from 7 am - 9 am
No Mass start—SAG support begins at 8 am
Rest stops and SAG support until 5 pm
Start/Finish at W. L. Gore facility
1901 Barksdale Rd., Newark, DE 19711

Major Ride Director: TBD
savagecentury@whiteclaybicycleclub.org

Come out and challenge yourself on the 38th annual Savage Century ride, one of the most scenic and challenging rides in our area (especially if you choose one of the longer routes). Select a route – 40, 60, 75 or 100 miles – and enjoy one of the premier rides in the mid-Atlantic region.

Attack the major hills and climbs on the 75– and 100-mile routes or stick to the shorter 40– and 60-mile loops. Either way, bring your climbing legs.

How will you challenge yourself this year?
